Comparison of Actual Results and Budget Targets

Public authorities have accepted every recommendation made by the Ombudsman, matching the actual results of the past four years and meeting the 2019-20 target.

In 2007-08, the office of the Ombudsman (**the Office**) commenced a program to ensure that its work increasingly contributed to improvements to public administration.

The 2019-20 actual number of improvements to practices and procedures of public authorities as a result of Ombudsman action (72) is lower than the 2019-20 target (100) as there are fluctuations in improvements from year to year, related to the number, nature and outcomes of investigations finalised by the Office in any given year.
